Dear border of HFH of Transylvania,

We at Habitat for Humanity Romania thank you for your gifts cumulated between April 2004 and January 2007 of \$11 570 received through HFHI in Americus. I'd like to thank you for your kindness towards people in need of simple, decent shelter in Romania.

God is good and with your help and help of people like you, we are able to advance in the work of eliminating poverty housing here in Romania, one family at a time. Not only that but people sees changes in their community and gets inspired locally in an economy that still keeps over 20% of population below poverty level.

With your contribution of \$11 570 we were able to basically build two thirds of one of the Habitat houses we built. With this level of support from you, families were able to move quicker in their home. With other giving hearts, you are brought to life and reality the dream of a healthy, simple home for a family in desperate need. The eyes and face expressions of gratitude I see from a homeowner as building occurs cannot be stated by words well enough.

By such a generous contribution, you suit wonderfully what Sir Winston Churchill said; the life of poor Romanian folks is rebuilt, is made new and they have a fresh, new start. The Lord Jesus Christ's point was the same; probably Churchill was inspired from the Gospel.

I'd like to end by wishing you all the best and God's blessings in all you do. Thanks for being an encouragement. It is so very nice to have supporters like you and please keep us in mind and in your heart for the future.

In Christ,
Adrian Ciorna
